

September 1, 2020

Dear Parent(s) and Guardian(s):

I have two informational updates this week.

1. Medical Advisory Team Video Production: Health and Safety Reopening Plans.

First, I am pleased to share a resource for families that was developed by Mary Ellen Duggan, District Wellness Coordinator, in partnership with the **District's Medical Advisory Team**. The District continues to benefit greatly from the guidance and expertise of the Advisory Team and I want to recognize the Team's work. If you have a chance, I'd highly recommend viewing the video, [District's Health and Safety Reopening Plans](#).

Dr. Andrea Ciaranello, Mary Ellen Duggan, Dr. Safdar Medina, and Dr. Amy Costigan

1. Community Commitment to Keep the “BOROS” Low

Over the past six months, it has been more clear than ever that we are all interconnected. As we prepare to reopen our “Ten Schools, Three Districts, and One Community of Learners,” it is essential that we all do our part to keep each other safe. To launch this initiative, the District is launching a “Keep the ‘BOROS’ Low” campaign. As you know, in the towns of Northborough and Southborough, the COVID-19 Average Daily Incidence Rate Per 100,000 over the last 14 days is zero. Our goal is to “Keep the “BOROS” Low, which will allow our schools to continue to provide our students with in-person learning opportunities.

COMMUNITY COMMITMENT to KEEP THE "BOROS" LOW

Our COVID-19 numbers have been low - let's all do our part to keep them that way! Let's make a commitment to protect each other, our students and our school staff and help our schools remain open.

BE SAFE
BE SMART
DO YOUR PART

WEAR
A
MASK

PRACTICE
PHYSICAL
DISTANCING

WASH
HANDS
OFTEN

Lastly, the District continues to update its [District Reopening Website](#) as the launch of the 2020-2021 student school year draws near. If you have a question and are seeking information, I highly recommend touring the website.
